
3.0 LOSS CONTROL POLICY

Management is committed to and responsible for providing a safe work environment for its employees.

No employee is required to work in unsafe conditions (See Occupational Health & Safety Handi-guide/Refusing Unsafe Work. Copy of this guide is available in the downstairs office library).

Each employee is responsible for working safely and remaining alert in order to protect his or her own safety and the safety of others.

All risks can be avoided or minimized through careful planning. Each employee is responsible for planning his or her work so that it can be undertaken in a safe and efficient manner.

Job safety will be increased if we all maintain an active interest in safety. Management welcomes and encourages all suggestions for improving safety conditions in the conduct of our business.

The safety information in this policy does not take precedent over Occupational Health and Safety Regulations. All employees should be familiar with the Occupational Health and Safety Act and Regulations.
